

# Mallorca

Mallorca is an incredibly popular island, of that there is no doubt. There are different aspects to its tourism, from the mass market resorts to remote havens of tranquillity. We have found a location to tick the second box.

The former Convent of Ariany is inland, on the edge of a small village, and it has been converted into beautiful accessible accommodation which overlooks the plain between mountains. This is where we will stay, in late spring, with the countryside looking its freshest and most colourful.

From this tranquil base, we will explore the island's natural diversity, taking in the mountains of the Serra Tramuntana, the dramatic cliffs of Formentor, beautiful coves and plentiful beaches. We'll visit small towns, a monastery or two, plus of course the ever more accessible historic city of Palma, with its stunning gothic cathedral, as well as neighbourhoods enlivened by crafts & restaurants.

## Accommodation & Dining

The former Convent of Ariany has been converted into well appointed wheelchair accessible accommodation, with only a handful of rooms and hence a remarkably peaceful atmosphere. Perched at the edge of a small inland village, your experience could hardly be more different from the crowded coastal resorts, with a sublime panoramic view from its terrace. The pool is accessible by hoist & by ramp.

Breakfast will be at the Convent, while most of our evening meals will be taken in restaurants around the area, a short drive away, so that we can enjoy a variety of cuisine and ambience.

As usual, we will have our extensive collection of accessibility aids, including hoist, shower chairs, & mobility scooter, at no extra charge.

## Weather

Highs of 23 degrees are expected in May, with only 5 days of rain in the month, according to online resources.

## Our packages do not include flights

However, we are more than happy to assist in identifying the best value and most suitable flights for you, and indeed need to liaise with all clients prior to ticket purchase in order to be sure all the transfers to & from hotel are feasible.

The most practical destination airport is Palma de Mallorca. There are direct flights from many of the UK's smaller regional airports in addition to the larger centres. You can check availability now with [Skyscanner.net](http://Skyscanner.net)
